

**Virginia Association of Assessing Officers**  
**Creating Commercial Models with Electronic Survey**  
**July, 12, 2017 / 9 am-11 am**

T

This two-hour class will be broken into two parts: In the first part Modeler Paul Bidanset will discuss how a Virginia jurisdiction's migration from a paper-based survey to a web-based survey increased response rates and overall accuracy of commercial data. In the second part Modeler Matt Shockley will walk attendees through conducting a basic commercial model using Excel.

**Instructors:** Paul Bidanset, MA Economics, Matt Shockley, AAS  
***There is no graded exam. 2 hours CE***
